In exercise of the powers conferred by Section 33 of the Animal Health and Livestock Services Act, 2055 (1999), Government of Nepal has, framed the following Rules:

#### **Chapter-1**

#### **Preliminary**

- 1. <u>Short Title and Commencement</u>: (1) These Rules may be called as "Animal Health and Livestock Services Rules, 2056 (1999)"
  - (2) These Rules shall come into force immediately.
- **2. Definition**: Unless the subject or context otherwise requires, in these Rules,-
  - (a) "Act" means the Animal Health and Livestock Services Act, 2055 (1999)
  - (b) "Disinfection" means the process whereby the infectious element in any matter is destroyed by the chemical or physical device referred to in Schedule (1).
  - (c) "Cold Store" means the Place to keep the product of animal origin, biological products or livestock product materials in the suitable temperature from technical point of view in order to avoid the deterioration in their standards.
  - (d) "Authentic Certificate" means the certificate relating to animal health authenticated by the Animal Quarantine Officer or Veterinary Officer of the concerned country
  - (e) "Quarantine Certificate" means the certificate to be issued by a Quarantine Officer having followed the quarantine procedures relating to the animal, products of animal origin or livestock product materials to be imported into the Kingdom of Nepal.
  - (f) "Biological protection" means the measures taken by any animal firm in

order to prevent the infection that is likely to be caused inside the farm from the outer environment.

#### Chapter-2

#### **Provisions Relating To Animal Quarantine**

- **Establishment of Quarantine Check Post**: (1) The Quarantine Check Post shall be established pursuant to Section 3 of the Act in the following places:
  - (a) The International point for export and import of animal, product materials;
  - (b) International airport;
  - (c) The point of more transportation of animal, products of animal origin or Livestock product materials.
  - 2. The following provisions shall be made in the Check post to be established pursuant to Sub-rule (1):
    - (a) Provision of separate entry and exit gates for the movement of animals;
    - (b) Provision of easy system of sanitation and disinfection of the house and shed to be used for quarantine;
    - (c) Provision of platform for loading and unloading of the animals and product of animal origin to be carried by various types of vehicles.
- 4. <u>Construction of Quarantine Spot</u>: (1) The individual or organization willing to construct a quarantine spot in the place in which quarantine check post has been established pursuant to Rule 3 shall have to submit an application for recommendation along with working plan to the Department.
  - (2) If an application has been made pursuant to Sub-rule (1), the Department shall, if it deems appropriate upon necessary investigation to allow to construct the quarantine spot, provide the recommendation letter to the applicant.
  - (3) Nepal Government may, if an application has been submitted along with the recommendation letter referred to in Sub-rule (2), grant permission to construct a quarantine spot.

Provided that, a separate quarantine spot may be prescribed on the consent of the importer and of the Department for the animals imported for reproduction.

- **Terms to be Followed While Constructing a Quarantine Spot**: (1) The terms to be followed and the criteria to be met while constructing a quarantine spot shall be as follows.
  - (a) The land area should be of at least 6,500 sq meters;
  - (b) At least 500 (five hundred) meters far from the animal husbandry area, animal firm, abattoir, animal market, and the places of movement of animals;
  - (c) Arrangement shall be made to prevent the contact of the animals kept inside the quarantine with the outside animals;
  - (d) Arrangement for separate places shall be made for the animals of different species and for animals that have been entered into at different times;
  - (e) Appropriate arrangement shall be made for drinking water, light, ventilation and sewerage for animals;
  - (f) Arrangement shall be made for next inside door, in addition to main door, for the entry and exit of animals;
  - (g) Arrangement shall be made for places for storage of feeds, water, fodder, hay etc;
  - (h) Arrangement of platform shall be made for unloading and loading of animals to and from the means of transport;
  - (i) The floor shall be constructed in such a way that it may be cleaned up disinfected and dried easily;
  - (j) Arrangement shall be made for separate and adequate places for keeping the animals, storing the products of animal origin and livestock product materials;
  - (k) Arrangement shall be made for keeping the materials

- required to be kept in colds store, if any,
- (l) There shall be adequate place for disinfection and appropriate place for storage of chemicals and materials for that purpose; and
- (m) Provisions shall be made for deputation of employees efficient in the concerned subjects.
- (2) No works other than those relating to quarantine shall be carried out inside the quarantine spot.
- **Period for Keeping in Quarantine**: (1) The Quarantine Officer shall, if an updated and authenticated certificate of vaccination carried out in the country from which the animal is imported against the disease existed in Nepal has been submitted, keep the animal in quarantine, and he may release such animal if it is found healthy upon having ascertained and examined the identification symbol in accordance with the certificate.
  - (2) If it could not be ascertained pursuant to Sub-rule (1), or if the animal is not found to be healthy or if the animal is imported without authenticated certificate of vaccination, such an anima shall be kept in the quarantine spot.
  - (3) While keeping any animal in quarantine pursuant to Sub-rule (2), it shall be kept for the following duration for the following diseases, for the duration as prescribed by Government of Nepal in a Notification published in the Nepal Gazette:

| (a) | Rinderpest                  | -21 days |
|-----|-----------------------------|----------|
| (b) | Foot and Mouth Disease      | -21 days |
| (c) | Pestes des petits Ruminants | -21 days |
| (d) | Lumpy Skin Disease          | -21 days |
| (e) | Sheep pox and Goat pox      | -21 days |
| (f) | Blue Tongue                 | -40 days |
| (g) | African Swine Fever         | -40 days |
| (h) | Classical Swine Fever       | -40 days |
| (i) | African Horse sickness      | -40 days |

| (j) | Vesicular Stomatitis              | -21 days   |
|-----|-----------------------------------|------------|
| (k) | Swine vesicular Disease           | -28 days   |
| (1) | Contagious Bovine Pleuropneumonia | - 6 months |
| (m) | Rift Valley Fever                 | -30 days   |
| (n) | Fowl Plague                       | -21 days   |
| (o) | New Castle Disease                | -21 day    |

- (4)While prescribing the duration for keeping in the quarantine in connection with the diseases other than those referred to in Sub-rule (3), the duration shall be prescribed so as to matching the incubation period after the entry of biological pathogen into the body.
- (5) The animals having completed the quarantine duration prescribed under this Rule shall be released by the Quarantine Officer having vaccinated them against the infectious diseases prescribed by a public notification from time to time. The expenditures incurred in carrying out such vaccination shall be borne by the concerned Importer.
- (6) If the Quarantine Officer deems the imported products of animal origin or livestock product materials appropriate upon an examination, he may release them.
- (7) The importer shall have to take back the animals, the products of animal origin or livestock product materials within three days from the date of issuance of the Quarantine Certificate or o completion of the examination The Quarantine in the said duration, confiscate them.
- (8) No dead animal feed, litter, dung and urine or the matters relating to animal or excreted from animal shall be carried outside the quarantine spot without the written order of the Quarantine Officer.
